

BRIGHT EXTERIOR LIGHTING...

...with less power!

Velarium's waterproof COB LED Strip Light with a wire lead is designed to significantly enhance external RV lighting while minimizing glare, providing exceptionally bright illumination with minimal power consumption. Equipped with a wireless remote control, it allows users to effortlessly adjust the brightness and strobing modes, all powered by a 12V system.

ILLUMINATE THE JOURNEY: BRIGHT, EFFICIENT, EFFORTLESS

- Waterproof COB LED strip light with wire lead
- COB lights significantly expand the lighting area while minimizing glare, providing exceptionally bright illumination with reduced power consumption
- Wireless remote provides effortless control or easily adjusting brightness and strobing modes
- Compatible with 12V systems
