

# CREATE THE PERFECT AMBIANCE...

...with the touch of a button!

Transform your RV exterior into a captivating oasis with our waterproof LED RGB Strip Light featuring a convenient wire lead. Instantly illuminate and create the perfect ambiance with the touch of a button using the RF remote. Effortlessly turn the lights on or off, dim them to your desired level, and choose from a spectrum of colors to match your mood. With a maximum brightness of 1800 lumens, depending on the color, you can easily set the ideal atmosphere. The wireless remote also allows you to adjust the brightness and select strobing modes, all powered by a reliable 12V system.
