

# INNOVATION MEETS SAVINGS. FROM SHIPPING TO SETUP.

Cuts costs, cuts time, & cuts to size—without cutting corners.

Built for strength, savings, and simplicity, the Velarium Cut-to-Fit Awning Tube is the smarter choice for any awning upgrade. Engineered to be five times stronger than traditional tubes, it delivers unmatched durability while slashing freight costs and installation time. With cut-to-fit flexibility, integrated LED lighting, and quick-build convenience, Velarium makes every install easier, faster, and more cost-effective—without compromising performance.

## CUT-TO-FIT AWNING TUBE

- Save time and money!
- 5 Times stronger than traditional tube!
- Takes up less space at dealer and easier to transport for mobile techs
