POWERED AWNINGS

- Patent-Pending Pitch Adjustment –Arm features an easy to set pitch lock to provide shade at a range of angles depending on the sun position.
- Extruded Aluminum Light Rail –Slides easily over canopy edge “C” channel, making installation fast and with fewer errors.
- Modular Arms –Interchangeable means fewer stocking parts.
- Manual Override –In the case of power loss.
- Attractive LED Lighting –Included inside the Light Rail.
- Sizes from 8’ - 22’ –Available in one-foot increments
- Canopies are available in 3 solid colors and 5 gradient color fades
- Arms are available in black or white

SWITCH ASSEMBLY

Velarium Switch Assembly

VA1001	Single awning switch assembly with bezel and harness
VA1002	Double awning switch assembly with bezel and harness

VELOCITY SWITCH

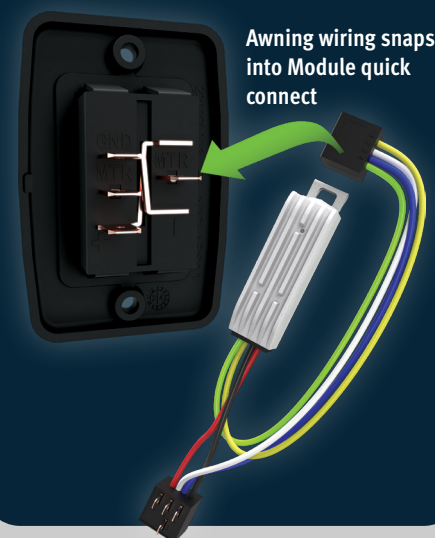

The Velocity Switch from Velarium uses proprietary technology to safely increase the speed at which your awning deploys and retracts. Integrated soft start technology gently starts the awning motor, increasing motor life. You'll have more time to get out and enjoy the great outdoors. Side-by-side tests have shown the Velarium Velocity Switch to be as much as twice as fast as other awning switches.

- Nearly TWICE AS FAST as standard switches!
- Easy Installation!
- Deploy & retract your awning FASTER!
- Reduce chance of wind damage
- An easy-to-install upgrade for existing awning switches*

*The Velarium Velocity Switch is compatible with most 12V vertical arm awning brands

Velarium Velocity Switch
